93.8% | 2021

Projects & Achievements

WanderLust Project
Developed a website similar to Airbnb where users can add, delete, and review villas or hotels.
Built using HTML, CSS, Bootstrap (frontend), Express.js, Node.js (backend), and MongoDB (database).
Currently working on making it fully responsive.

Spotify Clone
Created a frontend replica of Spotify using HTML, CSS, and Bootstrap to match the original design.

Weather Forecasting Project
Developed a weather forecasting web application using React.js and an API for real-time weather updates.

Certifications
- Certified in Programming Language (C++), Office Automation, and Web Designing – Apeejay Institute.

- 2nd Place in PLASMA (Inter-college Event) – Logic Whirlpool.
